

HURON BEHAVIORAL HEALTH OPERATIONAL POLICY

Policy #: SD.1.06
Issue Date: 03/05/04

Rev. Date: 03/23/16
Page: 1 of 2

Title: Aftercare Plan and Follow-up Policy

Prepared By: Clinical Director

NOTE: This Document Copy is **Uncontrolled and Valid on this date only: March 30, 2016**. For Controlled copy, view shared directory I:\ drive

Purpose:

To define the guidelines to be used for aftercare planning when a consumer is terminated/discharged from services.

Scope:

This policy applies to all employees (including full-time employees, part-time employees, contractual providers, volunteers, students, and/or interns) of Huron Behavioral Health (HBH) and all consumers served by HBH.

Information:

N/A

Policy:

1. When a consumer is discharged (closed) from services at HBH, the primary worker completes a "Discharge Summary" in the EMR (Electronic Medical Record) system which includes follow-up and aftercare planning. ([See also SD.1.02 Termination of Services Policy](#)).
2. The Discharge Summary should be developed with the individual/parent/guardian sufficiently in advance of the termination to assure that the process is orderly and seamless.
3. The Follow-up and Aftercare Recommendations portion of the Discharge Summary should address the following areas (as applicable):
 - Referrals to outside agencies
 - Services needed or desired and plans/steps for the consumer to obtain the services
 - Consumer tasks and assignments in order to maintain/continue progress
 - Other aftercare activities to be provided (be specific including the nature and frequency of aftercare contact, when applicable)
 - Staff/agency responsible for assisting with the transition
4. If the consumer requests assistance and gives written consent, the worker will explore resources and make contact or referrals to service providers identified in the aftercare plan to assist them with the transition.
5. If it is clinically appropriate for follow-up activities, the worker will document such activities as they occur in the EMR system.
6. The supervisor must review and sign the Transfer/Program Change/Discharge Form which includes the aftercare planning.
7. A copy of the Transfer/Program Change/Discharge Form which includes any follow-up and aftercare activities is given to the consumer and retained in the consumer's case record.

Note: The consumer has the choice of declining aftercare planning and copies. When this occurs, the worker should document this in the EMR system.

Definitions/Acronyms:

COA – Council on Accreditation
EMR – Electronic Medical Record
HBH – Huron Behavioral Health
