

HURON BEHAVIORAL HEALTH
PROCEDURE

Procedure #: RR.2.03
Issue Date: 05/26/00
Rev. Date: 07/24/22
Page: 1 of 2

Title: Recipient Rights – Right to Access Entertainment Material, Information, and News Procedure

Prepared By: Recipient Rights Officer

NOTE: This Document Copy is Uncontrolled and Valid on this date only: September 7, 2022. For Controlled copy, view shared directory I:\ drive

Purpose:

To define the policy and practices regarding a consumer's right to access entertainment materials, information, and news.

Scope:

This procedure applies to all employees (including full-time and part-time employees), contract providers, volunteers, students, and/or interns, of Huron Behavioral Health (HBH) programs, and all consumers living in a residential home.

Information:

POLICY:

- It is the policy of Huron Behavioral Health that consumers of mental health services are entitled to receive, possess, and use entertainment materials, information, and news except in certain circumstances and conditions as defined in this policy.
- Residents shall not be prevented from obtaining, reading, viewing, or listening to material at his/her own expense for reasons of, or similar to, censorship.

Procedure:

1. Each residential setting shall specify essential specific restrictions on a living unit basis and shall note such restrictions in the consumer's Individual Plan of Service (IPOS).
2. Restrictions to access of material for reading, listening to, or viewing must be specified in the IPOS using a person-centered planning process and approved by the team. The primary worker may attempt to persuade the parent/guardian of a minor to withdraw their objections to these materials.
3. Any and all limitations and restrictions must be documented in the consumer's IPOS and must include the justification of the limitation and date the limitation expires and each occurrence of a limitation must be documented in the consumer's case record. (See also [Person-Centered Planning Policy QI.1.05](#) and ["Individual Plan of Service \(IPOS\) Procedure QI.2.18](#)).
4. Any limitation shall be removed when the circumstances are no longer clinically justified.
5. Treatment teams working with residential consumers will provide assistance to the consumer to access a daily newspaper if the consumer desires.
6. A receipt shall be given to the consumer (or their legal guardian, or, any person designated by the consumer) for any personal property taken into custody. Any personal property in possession of the program or residential facility at the time the consumer to whom the property belongs to is discharged, shall be returned to the consumer upon discharge.
7. The right of access shall not entitle a minor consumer to obtain and keep written or printed material or to view television programs or movies over the objection of the minor's parent or guardian or if prohibited by state law. Material not prohibited by law may be read or viewed as a part of the IPOS.

Complaint Process:

A consumer or another individual on behalf of a consumer has the right to file a complaint about denials or limitations of their right to access entertainment material, information, and news, or the time-frames placed upon a limitation. Complaints may be filed with HBH Recipient Rights Office (see [RR.2.02 Recipient Rights Appeals Procedure](#)).
